Hairpiece/Hat: Poodle Wig (Attached to Headband) - Secure headband in hair with attached comb. Use A LOT of bobby pins to secure comb as well as each side of the headband. The ends of the headband should go behind the ears.

Gloves/Accessories: 1) Two white gloves with attached "fur" cuffs. 2) Two white "fur" cuffs for ankles. 3) Pink choker for neck. 4) Pre-formed black tape for poodle nose. Poodle noses may need to be trimmed to fit your dancer. (Extra noses & black tape provided if needed.)

Tights: Capezio Child Girls Footed Tights with Self Knit Waistband (#1915 C); Color-Ballet Pink; www.discountdance.com

Shoes: Class Shoes

Sewing Instructions: 1) White glove should come to wrist joint. If too long, fold under and tack. Sew the braided "fur" yarn pieces (provided) around the entire edge of each glove. 2) The bow on the skirt has been pre-tied and secured with a safety pin. Remove safety pin and secure knot with thread. 4) Sew skirt to the leotard on the right and left sides just above the hip. 5) Fit pink choker to neck and add snap to secure (snap in back).

Additional Notes: Hair in bun. Hang costume. Tack using matching thread. When transporting poodle wig, do not crush (place in box or spacious bag). Do not iron.

Sewing Instructions: *Please Have the following alterations completed by April 5th:* 1) Some students have had their skirts pinned at the waist because they were too big. Please alter the skirt where pinned. Take the skirt in from the inside (do not fold material over on the outside). 2) On the back of the costume, add metal hooks (right side) and threaded eyes (left side). Hooks and eyes should be added to the waist band as well as down the length of the "V" opening. Be sure the "V" closure is centered to the dancer's back. When sewing the hooks, be sure to sew so that it is secured from the base to the "neck" of the hook to prevent the hook from pulling away from the costume. 3) The trunks have elastic around each leg. Adjust the elastic to fit your dancer. Once adjusted, tie elastic into a knot and sew the knot securely together. Cut off excess elastic. [More instructions to follow.](#)

Additional Notes: Hair in bun. Hang costume. Tack using matching thread. Steam costume as needed to remove wrinkles and fluff material. Do not iron.

1) Remove the sparkly top layer of the skirt. 2) Remove the existing white sleeves as well as the silver trim on the edge of the backside of the leotard. 3) Remove the silver "V" applique on the front of the bodice.

See next page for more notes for Dega II

Continued Notes for Dega II...

The following alterations can be made after April 5th:

1) Attach 8 1-inch belt loops at the point where the skirt attaches to the bodice. The junction between the skirt and the bodice should be the top of the belt loop. The bottom of the loop is one inch below that point and goes into the material of the skirt. Belt loops should be placed on both side seams and the center front & back. Four additional belt loops should be positioned at 45 degree angles between each set of loops (See Picture). - A video tutorial of how to make these loops will be sent home.

2) Tack the center of blue bow to the end of the blue ribbon that will be used for the belt.

3) Place one side of a snap on the back of the right loop of the bow, next to the center (See Picture).

4) Tack the bow to the waist of the costume. Be sure that it is in line with the belt loops. The center of the bow should be placed 3 inches in front of the left side seam.

5) Thread blue ribbon through belt loops and measure it to fit your dancer. Make a loop at the end of the ribbon and place the opposing snap on this loop (See Picture.) This will fasten to the snap under the bow.

More information to follow.
